Special Holiday Donor Appreciation Edition

CYS-PT Wishes Donors Happy New Year!

It seems like just a few days ago we were busy preparing for our annual summer picnic, now we're into February 2004!

During 2003, hundreds of children and families being served by Children and Youth Services (CYS) were the happy and grateful recipients of your most generous donations. Your support gave many CYS children the opportunity to go to summer camp, learn to swim or play the guitar, join a sports team, start school with a new backpack filled with school supplies, wear a warm jacket during the cooler winter months and much, much more. We were especially touched during the holiday season by your incredible outpouring of care and commitment to making this perhaps the happiest holiday the youth have experienced.

The Huntington Beach Elks Lodge hosted its 3rd Annual Holiday Party for

Mentor Spotlight—Phil Schreiber

Mentoring has Positive Effect on Child's Future

Prior to his retirement, Phillip Schreiber was president of one of the largest commercial development firms in Missouri. He served as president of several prominent boards in the St. Louis area, and served on numerous city and state commissions and committees, often as the chairman. His most satisfying accomplishment during his working career however, was his election for two terms to the Parkway School Board, the third largest district in the state of Missouri. It was during this assignment that Phil became aware of the many problems facing youth.

"I was spoiled by having a son who was a high achiever, both in his studies and athletics," said Phil. "His biggest problem in high school was writing an editorial in the school newspaper that upset a teacher."

Phil said that it was because of his son that he decided to run for the school board. "Marc graduated from Northwestern University in 1997 and is now Director of Marketing and Communications for the St. Louis Sports Commission," said Phil, "I wanted to give something back to the people who gave my son such a fine education."

After he retired, he and his wife Susan decided to settle in southern Orange County, California. Although he was retired, he remained aware of how difficult life can be for many children, and believed he could be of assistance in some way. It was for that reason that Phil became involved as a mentor for CYS-Project Together. "Many of our kids today are victims of circumstance," said Phil. "Through no fault of their own

they are placed in unhappy childhood environments. If, as a mentor, you can show another facet of life, one of caring and sincere interest even for a few hours, you might have a very positive effect on a child's future."

Phil has been working to accomplish his mentoring objective with a 13-year-old boy with whom he has been matched for more than a year. "He seldom smiles and shows little emotion," Phil said, adding that he is very bright but "lacks the desire to learn and achieve". Phil noted that last year the boy had difficulty in school, although he

There's More Than One Way to Hug a Child...

The staff and clients of Children and Youth Services (CYS) and CYS-Project Together deeply appreciate the wonderful support provided by many local businesses and organizations. Our affiliation with the Mental Health Association

of Orange County allows us to accept and distribute community resources that are an important asset in the therapeutic process for all the children we serve. Each month, we extend our thanks and give recognition to our caring donors.

Mickey Mouse, Santa Claus, Presents and MORE!

Members of the Huntington Beach Elks Lodge No. 1959, along with dedicated volunteers from the community, hosted a magical Children's Christmas Party for CYS clients and their mentors on Sunday, December 14. CYS and Aspen Community Services children, along with two other youth groups, were treated to an afternoon filled with non-stop activities, including face painting,

musical entertainment, clowns and food, food, food! Special guests of the day were Mickey Mouse, who in holiday sweater and Santa hat greeted everyone in attendance, and Santa Claus, complete with gifts for each child.

Special thanks to Nancy Bresnan, a mentor with Aspen Community Services and member of the HB Elks Lodge, for inviting CYS-PT clients and

mentors to participate in this special event for the last three years. Other Elk members assisting to make the day memorable were Tom and Valarie Lemm, Bill and Phyllis Herrel, Gary and Angie Lakin, Wayne and Bonnie LaVigne, Ken and Mary Rose Skolyan, Dave and Colleen Butler, Tom Bresnan, Judy Weaver and Tony DeSantis.

***Magical Day For Mentors and Kids***

Mentor Nancy Bresnan, above, along with her pal Mickey, helped to create a very special day for nearly 100 children. Each child had the opportunity to have his or her photo taken with Santa Claus, center. Mentor Joleen Sagan, far right, poses with Mickey.

***Ongoing Activities Highlight the Day***

Mentors from left George Russell, Lynda Aguilar and Margo Jolly take a moment to sit down and talk with their mentees.

Holiday Donors Exemplify Spirit

Throughout 2003, CYS Project Together was fortunate to be the recipient of numerous in-kind and monetary donations. However, during the months of November and December, the true spirit of giving, either through donations or volunteer time, was overwhelming. The following is a brief account of the "holiday heroes" who helped to make the season brighter for CYS clients and their families in each regional area:

By Veronica Chavez
Regional Volunteer Coordinator
East Region

Since 1996, Statek Corporation, located in Orange, has donated food, new and used clothing, toiletries and Christmas gifts. Jan Byrne, Statek employee, gave me a call one lucky day, and asked how she and other employees could help our clients and their families. Since that first encounter, Jan now calls on a monthly basis to let me know she has collected items that are ready to be picked up. During the Christmas Holidays, Jan puts together a collection of toys and each year it's bigger and better.

For several years, Bob Noonan, a therapist at the Yorba Linda Friends Christian Church, has coordinated Angel Tag donations. He usually requests the names of 50-60 CYS clients, along with their Christmas wish list. Members of the congregation, always ready with their wonderful Christmas spirit, picks a tag from the tree and off they go to make a client's Christmas wish come true.

The students at Los Alamitos High School have an amazing spirit of giving. For the last five years, they have conducted a school wide Christmas gift collection. Sponsored by the Key Club and the Interact Club, each classroom "adopts" a needy CYS youngster.

CYS-PT Community Service Volunteer, Cathleen Berry, rallied her staff and friends of Rembrandt's Fine Dining in Placentia to donate gently used and new clothing, shoes and toys for the CYS-PT Resource Center.

By Diane Prescott
Regional Volunteer Coordinator
West Region

This holiday season, the employees of several local businesses were extremely generous in fulfilling the wishes of children by participating in Angel Tag programs. Autobytel of Irvine converted over 45 Angel Tags into holiday gifts. Orthodyne Electronics, also of Irvine, donated toys, clothes, bikes, and sports equipment for 50 children. Second year donors, Vision Solutions, brought 55 children holiday cheer

and lots of fun by donating food, toys, clothing, bikes and other goodies. Knott's Berry Farm brought many smiles to the children by giving them super cute stuffed toys. Encino-Inpatient Physical Therapy Unit adopted a disadvantaged family and gave them a merrier holiday season. Interact Communication's donation gave us the opportunity to provide clothing items for children and their siblings.

St. Simon & Jude Catholic School adopted six CYS families, giving them a brighter holiday with clothing, toys and household items. Individual donors included Dr. Chantel Daitch, M.D., Mr. & Mrs. Young Joon Kim, John Honiotes, and Richard Bell. Donors assisted 52 families during Thanksgiving and 165 at Christmas, helping to make the holiday season a happier time for many CYS clients.

By Sunney Shin
Regional Volunteer Coordinator
North Region

The Fullerton Ladies Golf Club assisted four families this Christmas by donating toys, clothes, roller blades, canned goods, gift baskets, toiletries, gift certificates and even a turkey. These resources provided much needed assistance for the families who, due to difficult circumstances, were unable to provide for their children. The club's generosity was evident as all of their donated items completely filled two cars. Truly, this was a very Merry Christmas for them!

The American Sewing Guild has been of great assistance to CYS-Project Together. Through their support and talent, they crafted handmade dresses and other clothing items for CYS children. In addition, they donated several handcrafted items that were sold at CYS-PT's Annual Holiday Boutique fundraiser last November.

For the past three years, the Yorba Linda Public Library has participated in North Region's Angel Tag program. Employees and patrons have donated toys, clothing, CD players, gift certificates and many other items that have truly brightened Christmas for many CYS clients.

The Orange Korean Church college group assisted 20 children and adolescents this Christmas through the Angel Tag program. They donated toys, shoes, gift certificates, videos, clothes and many other items. Their thoughtfulness was evident not only through their donations, but in the notes of encouragement and wishes of a Merry Christmas attached to the gifts.

of Giving Across CYS Regions

By Jonathan Schiesel
Regional Volunteer Coordinator
South-Costa Mesa

Although Mission Hospital and Buckman Teramor donated independently of each other, each decided to share their good fortune with those in need in the community.

Mission Hospital's employees receive a turkey at Thanksgiving each year and are offered the choice to keep the turkey or donate it to a disadvantaged family in the community. An amazingly large number of employees chose to act generously and donated their turkey. Each year we receive a call from Nancy Benedict, Mission Hospital's supervisor of Nutritional Services, who enthusiastically invites CYS-PT to participate in this amazing act of sharing. It is because of their value of sharing that many CYS families in need were able to celebrate Thanksgiving.

In our business community there are also generous people who look for the opportunity to share their good fortune with those less fortunate. The staff at Buckman Teramor, Newport Beach, pooled their resources and adopted two of South-Costa Mesa Region's families. Their donation provided gifts for the children and clothing for the adults living in the homes, including grandparents. It also included generous gift certificates to their local market to be used for groceries for their holiday meals.

It is through this team effort between the CYS family, our agency and the community that we derive an increase in morale and determination that can provide an impetus for improved mental health treatment.

By Lee Boon
Regional Volunteer Coordinator
South/Laguna

Pam Brooks, Benefits Coordinator in Human Resources at Mission Hospital, organizes and coordinates an innovative and caring donation program that supports South County Children and Youth Services clients. Using a hospital employee donation system of giving that has been in existence for almost a decade, a significant number of children receiving mental health services from the county have been given school clothes and supplies and holiday gifts each year. It is comprised of two annual events. The Mission Angel Project takes place at the beginning of the school year and the Holiday Angel program occurs in December.

Pam invites groups of Mission Hospital employees and CYS South County clinicians to attend a pre-event social

activity such as an ice cream social or hot chocolate and cookies party to match client referrals with hospital employee gift donors. Many times a particular group of employees will want to provide for the same client until that child is discharged. Later, she works closely with clinicians to coordinate collection and distribution of approximately 1,000 items (valued at approximately \$18,000-\$20,000 per project), including clothes, toys, gift certificates, bicycles, and other objects.

By Adrienne Davalos
Regional Volunteer Coordinator
Aspen Community Services

This year, Aspen Community Services expanded its Holiday Angel Tag program to serve their Santa Ana, Costa Mesa, Tustin and Day Treatment programs. Over 332 children received at least two gifts each for the holidays, a significant increase over last year's donation tally.

One of the children in our program wanted a keyboard so that he could learn to play the piano. He loves music and is anxious to learn to play, but his grandmother, who is also his care provider, is receiving cancer treatments and did not have the money to buy one. Through a generous gift from one of our donors, the child received a keyboard for Christmas. Family members have pitched in for piano lessons and his mentor is going to help provide the transportation whenever possible. This gift will help to fulfill this child's love for music and give him a positive outlet during a difficult time in his life.

On behalf of the Children and Youth Services-Project Together program, the CYS-PT regional staff would like to extend their deepest gratitude to all of the donors who have helped to enrich the lives of CYS clients and their families during the recent holiday season.

CYS-PT mentors and clients, and it was amazing! Every child that attended had a chance to meet and talk with Santa Claus, Mickey Mouse and members of the Huntington Beach Fire Department. They also enjoyed a day of face painting, musical entertainment and food, food, food! And if that wasn't enough, each child was also given a special gift selected especially for him or her!

For the second year, the Construction Purchasing Association (CPA) called to action each and every one of its members to grant a CYS client their special wish during the holidays. This year the CPA holiday/charity dinner was held at the Hard Rock Café in Newport Beach and every one in attendance brought a gift or two for a CYS client. The day after the party, the CPA rented a moving van that was filled to the brim with the gifts and delivered them to the CYS-Project Together Central Office.

Plus, employees of Orange County businesses and corporations such as e-Machines, Hewitt & Associates, Mission Community Hospital, and Northrup Grumman, to name a few, made very generous donations to assist clients whose families are experiencing financial hardship.

We are also grateful to those who, throughout the year, made donations of gently used clothing, books, toys, toiletries and games.

We want all who donated to CYS-Project Together to know that without your support, we could not do the work we do and for that, we are profoundly grateful.

Each member of the staff of CYS-Project Together, as well as the youth and families being served by Children and Youth Services, thanks you from the bottom of their hearts.

Wishing you and yours a happy, healthy and blessed 2004.

attained very high-test scores. This year, through the efforts of his counselor, he has changed schools and appears to be improving.

"We talk about his future and the importance of a good education," said Phil. "I think he's starting to get the picture since he is asking questions like 'what does it take to get into college' and 'what is the difference between a college and a university?'"

Phil has also encouraged the youth to become involved in sports. "He just finished a season of baseball in an organized league," said Phil. He noted that although the youth had never played ball before, he has significantly improved since he began. He even made several runs for the team recently. "He really tried," said Phil. "He only missed one practice and showed up for every game. The highlight was his 'inside the park' homerun in the last game," Phil said proudly. Phil noted that the crowd cheered him on, and for a boy who never smiled, he could be seen beaming from ear to ear as he rounded home base.
